What Our Clients Say:

“HOT PURSUIT provided music for our entire wedding day - Wedding Ceremony, Reception, dinner, and dancing, as well as MC duties! Their versatility was amazing, and all songs and music were performed exceptionally well. Delene St. Clair worked with us to ensure song selection was just right, and assisted us in making sure our wedding was well planned. The Band was a welcomed guest to the event, just not the entertainment. Superb!”

...“The Hot Pursuit Band is amazing. Between their talent and their wild enthusiasm, they will light up any event.”

...“An absolute joy to listen to! They exude great spirit, talent and professionalism!!! You can't ask for more!! I love them always!! I'm a fan forever!!!”

“I have hired the Hot Pursuit Band for both my daughters wedding and the annual Medical Professionals convention. They are unrivaled in their versatility and repertoire of music as well as their understanding of these types of events. No worries, they can read a crowd like a book. They can play anything from Sinatra to Billy Idol to Average White Band to Black Eyed Peas and back! From processional music for the wedding ceremony to Funk, R & B and Rock for the reception and the party animals. They didn't miss a beat. I shopped around before and experienced the headache of inexperienced musicians trying to sell me some huge production.. I don't want to be burdened with a bunch of details. Just wanted to hire a band that knew what to do the whole way through. That's Hot Pursuit. Simply professional music entertainers... Thanks Delene and Barry for making a success of both events!”

HOT PURSUIT MUSIC ENTERTAINMENT creates the exact atmosphere the client has envisioned, whether it is a sophisticated celebration or a rockin' dance party, or a combination of both! Dinner music is performed with soft elegance. Dance music is interactive and high energy to keep the dance floor jammin'! Music is continuous throughout the performance, with the MC & DJ of The Hot Pursuit Band knowing how to “read the audience”, and “mix the music” for everyone at anytime during the event. In addition, our MC is an expert at coordinating all special events such as toasts, speeches, and multi-media presentations!
